A DISMAL FAILURE.

NO COMPROMISE BILL INTRODUCED AS ANTICIPATED.

The Reason Assigned Is That Sufficient Pledges Were Not Secured to Assure Its Passage—Stewart Offers an Amendment to the Repeal Bill.

WASHINGTON, Oct. 24.—Those who were expecting to see the Democratic compromise bill introduced in the senate yesterday and speedily passed through that body were disappointed. The opinion now is very general among the senators who will discuss the question at all that the compromise bill over which the senators were so sanguine Saturday will never be introduced in the senate. The reason for this change in the situation is found in the fact that the compromisers have been unable to get sufficient pledges to guarantee the passage of the bill in case it should be introduced, and they said from the beginning that they would bring in no bill unless its passage could be assured. Statements differ as to the exact number of Democratic senators who signed the agreement, but the best authority obtainable places the number at 39 or 40, less than a majority. There does not seem much chance of their securing a quorum. It can be definitely stated that the members of the steering committee have made individual appeals to a great many Republican senators, but have been refused alike by the repeal and silver senators.

Proceedings of Congress.

WASHINGTON, Oct. 17.—Immediately after the reading of the senate journal Mr. Dolph made a motion to correct the journal so as to show Mr. Allen's presence when he refused to answer rollcall.

There was bitter debate on the resolution. The senate adjourned without taking any action.

The house amended and passed the bill removing the necessity for affirmative proof of loyalty of the pensioners of the wars previous to the civil war.

The banking bill passed after making a few changes.

WASHINGTON, Oct 18.—Mr. Morgan spoke against the Dolph motion to amend the senate journal. He made a firey speech.

Just as Mr. Morgan finished his talk Mr. Voorhees moved to table the motion which was done by a vote of 45 to 6.

Mr. Teller then made a motion to amend the journal so as to show his presence when he refused to answer the roll. He spoke at length in advocate of his motion. He was followed by Mr. Mills of Texas, who opposed the measure. He scored several senators for taking part in unnecessary discussion.

The house took up the printing bill. The only thing done was ordering of 75,000 copies of the "horse book."

WASHINGTON, Oct. 19.—When the senate met today less than a dozen senators were present. Exactly half an hour was consumed in securing a quorum.

A report from the finance committee was presented and read, containing a communication from the treasury department as to the probability of a deficiency in the revenues of the government. The report shows a deficit for the first three months of the present fiscal year of over $21,000,000, at the rate of over $87,000,000 for the year. It shows the actual expenditures during the first three months were over $98,000,000, or an average of about $33,000,000 per month. At the same rate the expenditures for the year would aggregate about $394,000,000, or about $21,000,000 more than the estimated expenses, and would show an increase of the expenditures over the supposed actual receipts of a little over $77,000,000. The secretary says a definite forecast for the whole year is impossible, but apparently, should the present conditions continue, the deficit at the end of the year would be about $50,000,000.

Mr. Stewart then took the floor against the motion to amend the journal of Monday last so as to show the presence of Mr. Teller when he failed to answer to his name on rollcall. Many of the senators indulged in the debate which lasted for several hours. Finally Mr. Teller withdrew his motion, the journal was approved and the repeal bill taken up. Mr. Peffer resumed his speech against the bill which he began on Friday last. He held the floor when the senate adjourned.

In the house Mr. Outhwaite reported a special order for the consideration of the bankruptcy bill beginning next Monday and continuing until the bill was disposed of.

The bill granting Arizona 2000 acres of land to be used in connection with the territorial prison at Yuma was passed.

The printing bill was taken up but laid aside and the house paid tribute to the late Representative Muchler of Pennsylvania.

WASHINGTON, Oct. 20.—Senator Voorhees gave notice of an amendment to the rules when the senate reconvened this morning. It provides that when a bill or resolution pending in the senate as unfinished business shall have been debated 30 days, any senator may move to fix a time for taking a vote thereon. Such motion shall not be amendable or debatable and if passed the pending bill or resolution shall be voted upon at the time fixed.

The house bill to suspend for the year 1893 the law requiring $100 worth of labor to be expended for improvements made on each mining claim was passed after an amendment excluding corporations from its benefits. A conference with the house was asked.

The repeal bill was taken up and Mr. Peffer offered a free coinage amendment. With some slight exceptions it revives the law of 1837. Mr. Peffer then resumed his speech against the bill. The senate adjourned before Mr. Peffer finished.

In the house the first business was receiving the attorney general's report upon the Union Pacific railroad.

Chairman Sayers presented the emergency deficiency bill, appropriating $127,569 for custodians and janitors of public buildings and $200,000 for clerks to members. Passed.

A bill authorizing the removal of derelicts in the North Atlantic was also passed.

Consideration of the bill to compel the railroads to maintain stations at town sites in the Cherokee strip established by the interior department was then resumed. Much discussion was indulged in and the bill was passed.

Mr. Bynum called up the resolution to remit 50 per cent. of the duties due on exhibits at the World's fair. The resolution was amended and then passed without division.

Consideration of the printing bill was resumed. Without action the house adjourned.

WASHINGTON, Oct. 21.—After the transaction of some unimportant business Mr. Peffer resumed the speech he began in the fore part of the week.

A report became current that President Cleveland had declared that cloture must be pushed and soon it was noticed that the champions of repeal were leaving the chamber.

Mr. Jones of Nevada resumed his speech begun some days ago just after Mr. Peffer finished his remarks and at 3:40 he yielded for an executive session, which lasted five minutes, after which the senate adjourned.

The house passed the bill dividing the eastern judicial district of Michigan into two districts.

A bill to construct a revenue cutter for the great lakes to replace the Andy Johnson was discussed, but no action was taken.

The house then resumed consideration of the printing bill, which was completed, and as amended was reported to the house. On the passage of the bill the vote stood 71 to 3. Mr. Beltzhoover made a point of no quorum and the yeas and nays were ordered. It resulted 128 to 8. No quorum. Thereupon the house adjourned.

WASHINGTON, Oct. 23.—When the senate resumed Mr. Stewart (Pop., Nev.) gave notice of an amendment which he proposed to offer to the repeal bill, proposing that a conference be held at Washington within nine months between delegates of the United States, Mexico, Central and South America, Haiti and San Domingo for the adoption of a common silver coin to be a legal tender in all commercial transactions between the citizens of the countries represented in the conference.

The house joint resolution for printing copies of the hearings before the committee on ways and means of the house was agreed to, with an amendment making the number 4000, to be divided equally between the senate and house.

Consideration of the bill to repeal the purchasing clause of the silver act was then resumed, and Mr. Jones (Rep. Nev.) entered upon the fourth installment of his argument in opposition to the bill.

Mr. Stewart of Nevada addressed the senate in advocacy of the proposed amendment for a Panamerican congress.

At 5 o'clock Mr. Stewart, without concluding his speech, yielded, and the senate took a recess.

The house took up the bankruptcy bill. Mr. Oates of Alabama advocated the bill. Messrs. Stone and Sibley, of Pennsylvania opposed the measure.

STATE HAPPENINGS.

A NEW SUIT FILED AGAINST THE KATY AT QUITMAN.

This Time It Is to Force the Missouri, Kansas and Texas Railroad to Forfeit Its Charter—Outcome of Its Extension Into Galveston.

DALLAS, Oct. 24.—Hon. J. G. Russell, the district attorney of the Seventh judicial district, has filed quo warranto proceedings in the district court at Quitman Tex., to forfeit the charter of the Missouri, Kansas and Texas railroad of Texas. Citations have been forwarded to the sheriffs of Dallas and Grayson counties to serve on local directors of the defendant company.

This suit is not altogether unexpected by the Katy, which traces its connection with the suit now pending in the district court of Galveston county in which the Missouri, Kansas and Texas is endeavoring to establish its right to operate jointly with the International and Great Northern and the Galveston, Houston and Henderson railways.

It will be remembered that the Katy is running into Galveston over the Galveston, Houston and Henderson by virtue of a temporary injunction allowed by Judge Stewart last summer, restraining the International and Great Northern, the lessee, from interfering with the running of such trains. The old warfare between the International and Great Northern and the Katy, which was commenced in Judge McCord's court, after a lapse of several years, has broken out again in the same court.

Being without money, people cared for her and sent her to her destination. The company insists that she got off of her own accord.

AUSTIN, Oct. 24.—The grand jury in its report on the contract for heating the courthouse and jail says the whole business was "ill advised, unnecessary and wastefully extravagant, and it is no where shown that it is wanted by any one except probably some members of the county commissioners' court, two of whom strenueously opposed the scheme."

A GOOD BUILDING UP
of a run-down system can be accomplished by the use of Dr. Pierce's Golden Medical Discovery. A long procession of diseases start from a torpid liver and impure blood. Take it, as you ought, when you feel the first symptoms (languor, loss of appetite, dullness, depression) and you'll save yourself from something serious.

As an appetizing, restorative tonic, to repel disease and build up the needed flesh and strength, there's nothing to equal it. It rouses every organ into healthful action, purifies and enriches the blood, braces up the whole system, and restores health and vigor.

For every disease caused by a disordered liver or impure blood, it is the only *guaranteed* remedy. If it doesn't benefit or cure, you have your money back.

CHANGE IN MONEY ORDERS.

Hereafter the Names of the Payee Will Appear Upon the Original.

WASHINGTON, Oct. 24.—For greater safety and convenience a change has been made in the form of money orders in the postoffice department.

Formerly the name of the payee was contained only in the letter of advice which was sent to the paying office by the receiving clerk. Now the name of the payee is required on the order proper as well as in the letter of advice. At first this gives rise to some confusion, as people are not accustomed to the new style and take it to be the letter of advice. One received recently was refused at the bank, as they said it was the advice and should be exchanged with the sender for the order. But the new system has a number of advantages that will result in great good.

It will be especially observed that a remitter may now inform himself by examination of the order before he mails it to the payee that the letter is correctly de ignated as such. Orders will be readily negotiated, inasmuch as ownership of the order is distinctly shown on its face.

Henry Starr Convicted.

FORT SMITH, Ark., Oct. 23.—The jury in the Henry Starr murder case brought in a verdict of murder in the first degree. Henry Starr never flinched as the verdict was pronounced. Henry Starr and Kid Wilson will now be tried on the charge of having held up and robbed the Missouri, Kansas and Texas train at Pryor's creek. In addition to this they will be tried on three separate charges of burglary and horsestealing.

WRECK IN MICHIGAN.

TWO PASSENGER TRAINS COLLIDE WITH FATAL RESULTS.

The Cause of the Disaster Was the Disobeying of Orders—Twenty-Six Persons Were Burned and Many Badly Injured. Two Other Accidents.

BATTLE CREEK, Oct. 21.—One of the worst accidents that have occurred this year happened yesterday in the yards of the Chicago Grand Trunk railway here. Twenty-six people were killed and many more badly injured.

"Raymond Whitcomb," a special train from New York and Boston, was returning from Chicago in charge of Conductor Scott and Engineer Hooley. They had orders to meet the Pacific express, which was three hours late, at Nichols. They disobeyed orders, passed Nichols and collided here while going 30 miles an hour.

The two engines are a total wreck. The engineers and firemen jumped and escaped. Conductor Burke of the Pacific express was caught in a car and badly hurt. The second and third coaches of the Pacific express were telescoped. In these coaches were greatest loss of life. The cars took fire and the passengers were entombed as if in a fiery furnace.

The accident was one mile from the fire station and assistance from fire engines out of the question.

The passengers were pinioned in the car and burned like rats in a trap. There was no way for the injured to assist the unfortunates and had to stand by and see the bodies consumed by the fire. The scene was sickening and many had to turn their backs upon the sight. The bodies were burned beyond recognition. No one on the Raymond special were injured.

Every passenger except nine in the second coach of the Pacific express perished.

Mrs. Chas. Vanduzen of Fort Plain, N. Y., climbed half out of a window, but her legs were pinioned and she burned before the eyes of the rescuing party.

It is not thought but few of the injured will prove fatal. The list of the dead will never be known on account of being beyond recognition.

There is considerable talk here of dealing immediately with the conductor and engineer for disobeying orders, but every precaution will be taken by the authorities to prevent it, should it be undertaken.

Woolley Released on Bond.

BATTLE CREEK, Mich., Oct. 23.—Engineer Woodley, who was arrested charged with causing the wrecking here of two trains, has been released on bond.

Others known to have perished and unidentified are Father Clark, Brantford, Ont.; J. A. Wood, Odessa, N. Y., and Mrs. E. K. Warren, Brockport, N. Y. This leaves seven unknown bodies.

The Illinois Central Wreck.

KANKAKEE, Ills., Oct. 21.—The Illinois Central fast New Orleans special was run into here by a coal train at the crossing. Four cars were burned. The freight crashed in the side of the smoker. Most of the passengers were in the sleeper. The freight was not going at sufficient speed or the loss of life would have been terrible. The injured in the hospital here are as follows: J. D. Davis, Fiippen, Ills.; L. B. Saffly, Fisher Mills, Ills., probably fatally injured; Mrs. R. B. Slayton, Wichita Falls, Tex.; Mrs. T. F. Brown, Newton, Ills.; C. E. Little, Chicago; J. A. Brown, baggagemaster; J. M. Marley, Plano, Ills.; J. E. Loiseau, Nashville, Tenn. The accident was due to the freight not stopping at the crossing where the passenger had the right-of-way. Both trains were of the Illinois Central road.

Dr. R. P. Whiteaker, Sherman, Tex.:
DEAR DOCTOR—This is to certify that you cured me of a cancer of six years standing, about 4 years ago and I have enjoyed good health since. It was said that cancer could not be cured but you certainly cure them with your great remedy. I am very truly yours

Dr. Whiteaker, Sherman, Texas:
DEAR DOCTOR—It is with pleasure to state what you have done for my wife after thirty years' suffering with paralysis and stomach troubles. She is like a new woman, rests well, and goes about her business without pain. I must state, the first day and night's rest she had for years was after she commenced your treatment. I can cheerfully recommend you to the suffering people. I know of others who you cured, Dan Trigg and his wife.
S. B. RUCKER.

CUTHAND, Tex., April 15, 1892.
Dr. R. P. Whiteaker, Sherman—This is to certify that my wife had almost every symptom of nervous and physical disease, shortness of breath general debility, kidney and bladder trouble, rheumatism, liver complaint; could not move without help for quite a while, under the treatment of other physicians. They gave her up as hopeless, as they could not cure her. Over one year ago by chance I got one of your testimonials and I got a treatment at once. In four days she was able to walk. It almost raised her from the grave. In six weeks she was well, and no stouter woman in the county. The people all over this section know her well. Also Mr. Silas Davis and his daughter were blind for years and you cured their eyes with your great discovery. Very sincerely and truly a friend of your cause.

DR. R. P. WHITAKER:
Dear Friend: This is to certify that I have been a sufferer from piles for 17 years, until God, in his mercy, directed you to my house. The medicine you left with me I have tested to my satisfaction. I am now able to attend to my ministerial duties without discomfort or trouble, and I wish to say, for the sake of suffering humanity, that if my name will be of any service to you in selling your medicine, you are at liberty to use it. SHERMAN, TEXAS, Feb. 20, 1893.
Dr. R. P. Whiteaker, Sherman, Texas—Dear Doctor: This is to certify that I had cancer of the head for seven years, and had been treated by four physicians of this city. They did me no good that I know of. The cancer had eaten part of my nose and upper lip off. I was in a dreadful condition, had given up all hopes of being cured of that dreadful disease catarrh, but thank God the medicine you let me have cured me in about two months. There are a great many people who knew of my condition and know me now. God bless those who can cure the suffering people wherever they go is my prayer. I feel so grateful to you.

Dr. R. P. Whiteaker—Dear Sir: My girl's eyes are about well; was blind for eight years. My wife's catarrh and neuralgia are well. Also Mrs. J. Jones is well of piles and dyspepsia. She could not hear out of one ear, caused by catarrh of the head. Now she is well and wants you to come down. You can make a barrel of money. Every one I see asks about when you will be back. I am your greatful friend.

PARIS, Texas, Oct., 1st, 1892.
Dr. R. P. Whiteaker, Sherman, Texas:
DEAR DOCTOR—This is to certify that you cured me of fits, kidney trouble and indigestion, after 19 years standing; had tried everything I could get, but did me no good until I got your treatment, June 1st, 1891. I am enjoying the best of health; weigh more than I ever did. You also cured my wife of catarrh of five years' standing; Mrs Rucker for 30 years had stomach trouble and paralysis; she is like a new woman. God bless such men and their remedies that do such great good for suffering people.

SAN AUGUSTINE, Texas, Oct. 14, 1890.
DR. R. P. WHITEAKER:—I am entirely well of the cancer you took out of my lip. I have told several about your treatment. Mr. Warren, who you sent medicine to, has treated himself and is well. Very Respectfully Yours,
PONT WIRO.

STARVILLE, Smith Co., Texas, Jan 30, 1892.
Dr. R. P. Whiteaker, Sherman, Texas—My Dear Doctor: This is to certify that you have cured me of Bright's disease of the kidneys after six of the leading physicians of this country failed to do me any good. I had given up all hopes of ever getting well of that dreadful disease. My family was in despair of me; everybody in this country knew of my condition. I do think that God directed you to my house to save my life. I am well and hearty; weigh more than I ever did. I must thank you for the cure of my daughter's sore eyes; they closed up in three days after you treated them. I do pray for you to live long to cure the afflicted. God bless you who ever you go. I would pass blood through my kidneys, brick-dust looking water, and the doctors treated me for two years and finally said they could not cure me, recommending patent medicine. All did me no good, and you are the doctor who cured me with your electric remedies.
W. W. WATSON.

Dr. R. P. Whiteaker, Sherman, Texas:
You no doubt think me under the green sod, but you certainly saved my life. After being down over two years with chronic Inflammatory Rheumatism and Paralysis. Drs. Nelson, Hughes, Bazard, Egon, Ferro and others of Dallas treated me, but all failed to cure. I paid them over $700. I was in one pair of being cured. I also had enlarged spleen and chest. My weight was 110 lbs; now I weigh 150 lbs. I am a walking advertisement for you and your medicine. I am a bridge builder and contractor, well known in Texas. Very truly your friend,

The Democrat.

LIBERATE labor.

LABOR should lead.

BUST the Filibuster.

REPEAL the Repealers.

THE "backbone" of some men is too stiff.

THE Dallas State Fair is a complete success and its future is assured.

OFTEN a second class man is appointed postmaster of a "first class office."

PEOPLE returning from the Dallas State Fair express themselves as well pleased.

GOVERNMENT should be for protection of the weak, not the strong. The latter can protect itself.

CLEVELAND'S substitute in the United States Senate is Dan Voorhees. He once sent a substitute to the war—about 1861

CLEVELAND is right. We should have no compromise of the silver question. Let a vote be taken on a square issue.

THE souvenir edition of the Southern Mercury of Oct. 19, is an honor to Texas and the south. It contains an immense amount of information.

IT is claimed that Edmund Coke the populist candidate for Governor of Virginia is a near relative of our own Senator Coke of Texas.

J. VAN ALLEN paid dear for the whistle, but he got it, and will "blow" it to the satisfaction of the "ladies and gentlemen" who are too "decent" to live in America.

LENA HILL, the 2-year-old pacer, belonging to W. M. C. Hill, beat the world record at the Dallas fair race track last Tuesday. She made the record in 2:13 1-4.

SENATOR MILLS is said to prefer John Sherman of Ohio to Senator Peffer or Kansas. Now let some populist quote the French saying, "Chacun a son gout."—Ft. Worth Gazette.

ONE hardly ever hears from the Virginia campaign. The Associated Press dispatches contain nothing about it. The populists of the Old Dominion must be making it lively for the old-time bosses in that state.

IS the democratic party to be led by the Cleveland and Carlisle or by the Stewarts and Peffers?—Courier Journal.

It will be led by Cleveland and Carlisle, just like Henry Watterson is led—the gentle who so vehemently denounced Cleveland before the Chicago convention.

THE Dallas State fair is attracting unusual large crowds.

THE executive committee of the Texas Press association has set May 8th next as the time for convening the next session, at Ft. Worth.

ONE of the sublime sights of this age is the fellow who has only one pair of pants to his name, and that ragged and patched, contending for a money that will be good in "Yurrup."—Jeff-rson Jimplecute.

GEN. THOMAS L. ROSSER, of Charlottesville, Va., who during the war was commander of the famous Laurel brigade, Early's division, has renounced his allegiance to the democratic party and joined the populists. Next!

WHY not remove the soft seats from the senate chamber and make the senators stand up and earn something?—Dallas News.

Why, you have just been kicking about the standing proclivities of Stewart, Allen and other silver senators.

SOME ghoul, full of glee, has dug up Editor Watterson's expressed opinion, that the nomination of Cleveland was "walking through a slaughter house to an open grave."—Ft. Worth Gazette.

THE vote of the senate on Mr. Van Alen's confirmation was strictly non partisan—it rose above the plane of party expediency. Of the 39 votes in his favor, 26 were Democrats and 13 Rebublicans, and 16 Republicans and six Democrats opposed it. And Van Allen was a mugwump, too.—Ft. Worth Gazette.

THE report that Nugent would not be a candidate for governor next year was received with delight by the opposition. It should be remembered that Judge Nugent is first in the hearts of Texas populists, and he has not said that if he is the choice he will not carry their banner. Hon. Jerome C. Kirby, however, could shell the woods in a very satisfactory manner.

"I BELIEVE the struggle now going on in this country and other countries for a gold standard, were it successful would prove wide spread disaster throughout the commercial world. No power was conferred on congress to declare that either metal should not be money. Congress has no power to demonetize either."—James G. Blaine.

IN the East politics is in the nature of business and it doesn't make any difference to the gold-bugs and money lenders of that section whether they are represented in congress by republican democrats or democratic-republicans. In any event they get what they want and the west and south chip in to help them.—Atlanta Constitution

IT is unwise to count on carrying old Virginia while the election machinery is entirely in the hands of the Cleveland party. The populists and administration democrats are contesting the state, the republican party having made no nomination. In the face of this situation the democrats have appointed on each board of election judges two democrats and one republican, thus excluding the populists from representation The republican election judge is usually an illiterate negro, so that the count of the vote devolves upon the democrats.—Denver News.

SENATOR ROGER Q MILLS is a man of taste as well as of great political discernment. When it comes to a choice of a leader in the great issue in the senate, he frankly prefers John Sherman, of Ohio, to Peffer, the long bearded populist of Kansas. But Senator Mills needs no leader. He is himself a courageous leader and an able and patriotic statesman.—Philadelphia Record.

Will you please "ring off?"

GOVERNOR ALTGELD, of Illinois, is the champion pardoner. He has now pardoned out of the penitentiary 95 convicts during the nine months he has been in office. It is thought that by the end of his term the state prison will be closed for repairs. Lookout for mob law in Illinois hereafter.—Lampassas Leader.

Well, the Democratic party elected Altgeld in Illinois. What are you going to do about it?

Boundary Dispute.

WASHINGTON, Oct. 17.—The Mexican government has appointed Senor Don Jose Canalizo commissioner under the treaty of March, 1889, to determine the question of the boundary growing out of the changes in the beds of the Rio Grande and Colorado rivers.

BRYAN'S REPUDIATION.

Bryan, the splendid young leader who has rallied the people of the northwest as no man has rallied democrats since the time of Stephen A. Douglas—that man, the hope of the democratic party in the northwest, has been repudiated and condemned by office seekers and corporation agents calling themselves Cleveland Democrats.—St. Louis Chronicle

Sells Bros' Circus.

Last Friday was a gala and memorable day for McKinney, the occasion being the advent of Sells Bros' great railroad show. People came from far and near. The night previous to the show the streets were thronged with strangers, some of whom never closed their eyes in sleep, but were determined to see the first appearance of the long trains conveying the mammoth aggregation of all that it takes to make up a first class circus and menagerie.

The crowd was variously estimated to be from twenty to thirty-five thousand.

Along the line of the monster parade every available space was crowded with appreciative, eager beings. In order to accommodate the people, three performances were given, one commencing at 10 a. m., one at 2 p. m., and one at 8 p. m. At the first two every seat under the huge canvass, said to accommodate 10,000 people, was occupied.

We have not space to enumerate the many attractions. Suffice it to say that Sells Bros. showed strictly what they advertise. Their collections of wild animals and birds are just as represented, even unto the performing sea lions. The feats of the circus rings and the trapeze were marvelous indeed, and the clown was "out of sight" as a "photographer."

We say, all honor to circus day! It is the poor man's holiday. It is a pleasure to see the many thousands of hard-working people—men, women and children—lay aside the cares of life for one day to enjoy, not only the pleasurable, but an intellectual feast for only the cost of fifty cents each. It is simply a world's fair on wheels. Many a poor child of Collin county, who toils early and late in the cotton fields, with their little backs almost blistered by the scorching rays of our Southern sun, enjoyed the feast, and Heaven bless them! we only wish they could do so oftener. The stingy, hide-bound drones, who have grown wealthy on the toil of their fellow men, are the ones who are continually prating about the extravagance of the poor. When we hear these heartless creatures talking thus we feel indignant, and are prompted to figure on the amount of space in the lower regions to accommodate these "gentlemen."

Takes it Back.

The democratic party is hopelessly divided over the silver question, but both wings flop together over the spoils—Dallas News.

Who said the Gal Dal. News couldn't tell the truth? Was it Farmer Bill Shaw?—MCKINNEY DEMOCRAT.

We did, but we take it all back now.—Jefferson Jimplecute.

SHAKESPEARE

What Mr. Smith Thinks He Would Have

Said About Hood's Sarsaparilla

"Had Shakespeare lived here and suffered as I have, I think he would have said, Throw away all medicine except Hood's Sarsaparilla. As an Englishman, coming to this climate, I have felt the heat very much. In the spring I felt as if I had all the care and anxiety of America on my mind. I got one bottle of Hood's Sarsaparilla and after I had taken it I felt as if I could undertake

The President's Duties.

Last month I had a return of prickly heat; it seemed impossible to stand up or lie down without almost tearing myself to pieces. I then got one more bottle and it has not only cured the heat but I believe it put my blood in good condition. I advise all to take Hood's Sarsaparilla in the spring and fall." Before Roger Q Mill began his crusade for free raw material for New England, a dead cow on the prairies was worth four dollars for its hide. Now no one would skin a cow for her hide. Wool is not quite so badly off, but is nearly so, while the tariff on manufactured goods has been raised. Great is Roger Q Mills, of Capon Springs, Virginia.—Waco News.

Mr. J. J. Van Allen's salary as first ambassador to Italy at $12, 000 per year will fall short of the $50,000 he paid the democratic leaders for office by $2000 But he is said to be worth $12, 000,000 and don,t care for expenses. He has no conscience or he would not represent a country that he said was not "fit for gentlemen and ladies to live in."—Gainesville Signal

Populist Claims.

TOPEKA, Kan., Oct. 23.—The people's party executive committee's chairman, Taubeneck, to-night opens the campaign at Osage City. He says the populists will sweep the country in 1894 and in 1896 will elect the president.

From J. W. Bailey.

WASHINGTON, D. C.,
Oct. 20, 1893

Editor Democrat:

DEAR SIR—You will do me a great kindness by inserting in your next issue the following notice:

I have several hundred Agricultural Reports for distribution among the people of the Fifth congressional district, and realizing that it will be a waste to send them to those who do not want them, I adopt this method of saying to those who may desire them, that if they will write me I will take great pleasure in sending them.

J. W. BAILEY.

Local Option Election.

LANCASTER, Dallas, Co. Tex., Oct. 22.—The local option election in school district thirty-five came off yesterday and a light vote was cast—58 for local option and none against. This will close the saloon just outside the corporate limits. On the 4th of November the town, which is already dry, will vote on local option.

Josephine.

For the first time, we had the pleasure of visiting Josephine last Wednesday and Thursday. Josephine is situated about three miles east of Nevada on the Cotton Belt railroad. The business houses, as far as we could learn, are as follows:

Swanson & Love, general merchandise; J. M. Stubblefield (postmaster), groceries and notions; F. L Wylie, drugs; J. B. Wolfe, T. H. Taylor, cold drinks. Two gins are located there—one, owned by Yates Bros., has ginned about 700 bales to date, the other, owned by G. L. Wooten, has ginned about 550 bales to date.

The country surrounding Josephine is level and rich. Her people are noble and generous. While there we were entertained by G. W. Gill and J. C. Helms.

We hope to have the pleasure of visiting this community again. We also hope to obtain a correspondent at that place, when we will take pleasure in giving Josephine representation in our columns.

Too Young To Marry.

Frank Valdez and May Murray were married to-day by Judge Thomas F. Nash. The girl was a child in form and features, and the clerk compelled the mother to swear that she was sixteen years old before he would issue a license. They were from McKinney.—Dallas Special to Fort Worth Gazette.

Alliance and Speaking at Josephine.

We attended the speaking at Josephine last Wednesday night. Hon. Ben Terrell was the speaker of the evening and, for over two hours, he held the attention of a crowded house.

He is one of the most eloquent and best reasoners we have had the pleasure of hearing. He is very conservative and polite to the opposition. On this occasion he discussed the subject of "transportation and finance." His reasons in favor of government ownership of railways are simply unanswerable. We wish we had the full text of the speech to print.

The county alliance which was held at Josephine was well attended and harmonious.

The next meeting will be held at Maxwell, east of Plano, in January.

The Democrat is under obligations for the many kind expressions in its favor and the public indorsement it received Hon. Ben Terrell complimented us, but dropped a slight criticism regarding the editor's simple state.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bending, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow." For sale by R. E. Bristol.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. there is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearin, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearidg will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One hundred Dollars for any case of Deafnes (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you, When this Remedy is taken as soon as a cold has been contracted, and before it has become settled in the system. it will counteract the effect of the cold and greatly lessen it's severity, and it is the only remedy that will do this. It act in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquefyin the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by R. E. Bristol

To the Citizens of McKinney.

We have been appointed on a committee to secure the meeting of the next state alliance at some point within Collin county. Of course we favor McKinney on account of her railroad and hotel facilities. We wish to state that the State Alliance always brings from 300 to 400 delegates together besides hundreds of visitors who always attend to listen to any speeches which may be made. The sessions last from two to five days. This gathering will be held at some point and why not every patriotic citizen of McKinney irrespective of political belief, use every honorable means to secure it, thus helping our town. Let us appoint a local committee to investigate and learn what inducements can be offered in the way of raising a small amount of cash for incidental expenses, securing a hall, and hotel rates. Let us pull for the plum.

A Mexican got on a "whiz" here last night and proceeded to flourish a knife saying that he desired to kill an "American man." He attacked Ed Keen when the latter struck him on the head with a stick resulting in leaving the Mexican in a precarious condition. Just previous to his attack on young Keen he made an assault on C. W. Jeffries but was frustrated by several gentlemen who were standing near. It is to be hoped that he will profit by his sad experience, and when he wants to "air" himself again he will cross the Rio Grande where he belongs.

Important notice to all persons indebted to H. C. Herndon: You are requested to call and settle your accounts and notes at once. Must have money.

J. R. Cheatham arrived in the city yesterday and at once proceeded to voluntarily confess to the sheriff that he had stolen two horses and said he wanted the state to be as light on him as possible in assessing his punishment. He was permitted to appear before the grand jury. Of course the proceedings there remains obscured. He already had a charge of carrying a pistol pending against him. He was placed in jail. To the officers he stated that he was convicted of his sins at a Salvation Army meeting in Dallas and afterwards converted at a thresher; that at this time he is a Methodist minister. He was prompted to make the confession of horse stealing from a duty he owed his God. He carried with him a pile of Sam Jones sermons and a bible which he requested Jailor Brady to leave with him in jail. The prisoner is about 25 years old.

WISEMAN.

Dr. L. P. Allison of Midland Texas, visited friends and relatives here this week. He goes to St. Louis to take the place of assistant surgeon in St. Mary's hospital and also as assistant in the Wabash railroad medical service. This young man was born and lived his early years in this vicinity and received his medical diploma from the St. Louis school of medicine, this year, and attained this enviable position solely by his own merits. Many friends of Dr. J. P. Allison will wish "Pryor" success in his same chosen field of usefulness and humanity.

Kind Words.

FRANK GUTGESELL.

We have received news of the death of this estimable gentleman at McKinney, Texas, who formerly lived in La Crosse, Wis, where he was extensively engaged in business, and where he was well and favorably known in business circles. He and his good wife were friends of the writer in his earliest youth, indeed they knew him before he got well acquainted with himself. It is painful for death to take away the friends of our early years and more painful still to lose the friend who knew us before we knew ourselves. We join with his surviving wife, sons and daughters in their grief over the loss of this kind and good man, affectionate husband and father, and bow meekly to the grim messenger of death, consoled by the hope and faith of a happy reunion beyond the grave.—Journal of Commerce.

Collin County Alliance.

CEDAR ALLIANCE, Oct. 22, '93.

Editor Democrat:

J. M. Tunnison and L. Holt represented this alliance at the county alliance at Josephine. They were hospitably entertained by B. F. Ivy, G. W. Gill and Mr. Goen. These brethren and their kind ladies certainly know how to entertain their guests. In fact we found the whole community of Josephine holding out the arms of welcome to the delegates. Many pleasantries were passed and all seemed to be in a joyful mood.

We met ye editor of THE DEMOCRAT, who seemed to be at home with the delegates (and by the way he represents a splendid paper which deserves the patronage of the entire alliance membership).

We are glad to note that L. L. Miller is the authorized agent for THE DEMOCRAT at Farmersville It will be a great convenience to its many East Collin subscribers. We are also pleased to note the long list of patrons published weekly.

Success to the reform movement and THE DEMOCRAT.

GEN. THOS. L. ROSSER,

One of Virginia's Most Prominent Citizens Joins the Populists.

He Has Left Democracy as a Sinking Ship and Greets the New Party as the Saviour of His Country.

From The Richmond (Va.) Sun.

The Charlottesville Progress having asked General Rosser what relation he occupied to the political parties, received the following reply:

EDITOR PROGRESS: In the editorial columns of your issue of yesterday you express a desire to know what relation I now bear to the opposing political parties which at this time command the attention of the citizens of this commonwealth.

There are now but two political parties in this State, one known as the Democrats and the other as Populists.

As I am not an announced candidate for office at the hands of either one of them, I cannot quite see how my adherence to either should so interest you or should be a matter of public concern, yet I make no secret of my political faith, and as my convictions are of a positive and not a convenient kind, I will cheerfully gratify you.

I believe that the government under which we live is a compact wholly between the people, individually and collectively, who constitute it, and they entered into it for the reasons given at the time, which looked only to the promotion of the general welfare, therefore, I believe that we should strive to maintain this compact inviolate and on the original plan, and thereby preserve, sustain, and perpetuate its high, broad and beneficent character.

Holding these views, I regard all co partnerships between the Government, acting through any or all of its co-ordinate branches, with classes or individuals, all special privileges and exemptions sanctioned or legalized by the Government, all preferences or discriminations between the citizens in their dealings with the Government, as violations of the spirit and at variance with the expressed declarations of the great charter under which we mutually agree to live and maintain a government.

I believe that the candidates which have been selected by the so called Democratic convention to serve the people and to represent them, and for whom we are called on to vote and to commission by our votes on the 7th of next month, have been forced upon the people by unfair methods, through the manipulations of self-appointed agents, and if elected, as proposed and arranged they shall be, they will not in fact or intention represent the people or do their behest.

This party, under promises and pledges to reform the tariff, to expand the currency to a volume commensurate with the growth of business and the needs of rapidly increasing population, to economize in public expenditures, to reduce and equalize taxation so as to oppress none and exempt none, has already too long imposed on the credulity and patience of a long suffering people, and has redeemed none of its pledges nor fulfilled any of its promises, and appears to be a hopeless political bankrupt, under more promises to pay than it ever intended to pay, and there is no health or soundness in it.

It wrings my heart to be compelled to confess that the once grand old Democratic party has degenerated into a mere spoils association, and under machine management has lost its high character and cohesiveness, and is rapidly disintegrating and wasting away. It is being eaten up by parasites and losing its vital powers in dry-rot, and it is no longer possible to cleanse, purify or redeem it, and I must declare to you that, with a sad heart and in bitter grief, I have left it as one leaves a sinking ship.

The Populist party is young—its aspirations are high—its purposes are patriotic. It is not sectional, it has none of the sins and burdens of either of the old parties to load it down—the reefs and rocks on which the old parties were wrecked are located and marked on its sailing chart, and guided by the lamp of others' experience and the star of hope which always accompanies the honest and the just, and stimulated by a faith born of a righteous cause, I greet it as the saviour of my country, and enlist for service under its pure and patriotic banner.

Now, if you have occasion to look for me at any time in the near or distant future, you know my flag, and under it, trying to do my duty as an humble citizen, you will always find me. Sincerely yours,

THOS. L. ROSSER.

October 4, 1893.

Didn't Know His Own Child.

At Antietam, just after the artillery had been sharply engaged, the Rockbridge (Va.) battery was standing waiting orders. General Lee rode by and stopped a moment. A dirty faced driver about 17 years old said to him:

"General, are you going to put us in again?"

Think of such a question from such a source to the general of the army, especially when that general's name was Lee.

"Yes, my boy," the stately officer kindly answered; I have to put you in again. But what is your name? your face seems familiar somehow?

"I don't wonder you didn't know me, sir," laughed the lad; I'm so dirty, but I'm Bob."

It was the general's youngest son, whom he had thought safe at the Virginia Military Institute. "God bless you, my son; do your duty," and the general rode on.—Washington Post.

A Great Success.

The Galveston—Dallas Weekly News stands pre eminent as a journalistic success. It does nothing by halves. It believes that whatever is worth doing at all is worth doing well. It is ever on the alert for matter that will interest, instruct and benefit its readers.

Last spring the editor of the The Weekly News organized a Columbion class, known to its youthful readers as "Mr. Big Hat's summer school," the object of which was to awaken in the mind of the young an interest in the early history of America and its discoverer The scheme has proven wonderfully successful, and hundreds of children have been led to investigate with renewed interest historical works bearing upon the subject; and their well written letters to The Weekly News bear unmistakable evidence of great benefit and mental improvement to themselves.

The Weekly News also contains an exceedingly interesting department for its lady readers. The articles on fashions, housekeeping and general miscellany are unsurpassed in interest to intelligent lady readers everywhere, and to farmer's wives in particular, who enjoy a good, practical, homelike paper.

To the farmers themselves The Weekly News devotes a great deal of space, giving many valuable and timely articles on practical agriculture in the south, a page of interesting "news notes," all of the leading political and general news of the world, and written editorials on all the leading questions of the day.

No intelligent farmer in Texas can afford to be without the Weekly News. It costs but one dollar a year, or less than two cents a week.

The Dallas or Galveston Weekly News and THE DEMOCRAT will be sent to your address one year for only $1.75.

MERCURIAL

Mr. J. C. Jones, of Fulton, Ark., says of S.S.S. "About ten years ago I contracted a severe case of blood poison. Leading physicians prescribed medicine after medicine, which I took without any relief. I also tried mercurial and potash remedies, with unsuccessful results, but which brought on an attack of mercurial rheumatism that made my life one of agony. After suffering four years I gave up all remedies and commenced using S. S. S. After taking several bottles, I was entirely cured and able to resume work. S.S.S. is the greatest medicine for blood poisoning to-day on the market."

Changing Diseases.

In that delightful book, "Rider Grange," the husband of Pomona gives as his reason for not removing from a malarial neighborhood, that it don't do for a man at his time of life to go about changing his diseases and adding, that there are diseases incident to almost every locality, and he likes a disease he is used to.

Now, in case of malarial diseases, aside from the unwillingness of patients to "change diseases," it is generally not convenient to change their residences. If this were done in every case, some of our most thriving communities would be depopulated.

Nothing is left to do therefore but to fortify oneself against malarial influences. For this purpose Drs. Starkey & Palen's Compound Oxygen has proved itself in the past 23 years the most efficient thing in the world.

Any person desiring to change diseases for health should write to us a plain statement of their case, when, if possible, the way will be pointed out. The consultation is without charge. Address Drs. Starkey & Palen, 1529 Arch Street Philadelphia, San Francisco or New York, and Toronto, Ont.
